

CONTINUING ELIGIBILITY INSPECTION (CEI) REPORT
FOR FLOOD CONTROL PROJECTS

1. Project Name: Kaunakakai Stream FCP

2. Date of Inspection: October 30, 2002

3a. Inspection Personnel:

| | <u>Name</u> | <u>Agency/Office</u> | <u>Telephone No.</u> |
|----|---------------------|----------------------|----------------------|
| a. | Dan Meyers | COE | 438-8875 |
| b. | Rick Oleniacz | COE | 438-1981 |
| c. | Maj. Scott Schriner | COE (CEPOH-DD) | 438-1091 |
| d. | Isaacs Kan Hai | Maui County/DPW | 553-3221 |

3b. Accompanying Personnel:

| | <u>Name</u> | <u>Agency/Office</u> | <u>Telephone No.</u> |
|----|----------------|----------------------|----------------------|
| 1. | Miles Takayesu | COE (CEPOH-RE) | 438-1981 |

4. Discussion:

The project: On previous inspections it was noted that the crest of the levee's left bank, below the main highway, has continued to erode. The erosion is probably due to recreational vehicles and aggravated by unusually dry weather conditions. Mr. Arce's initiative to add armor stone protection (#25 - #500) to the levee's sideslope from Sta. (-)4+00 - Sta. 9+50 has been completed. The estimated value of the armor stone protection is approximately \$120,000.00. Mr. Arce is commended for his initiative and efforts in this matter. Only minor deficiencies were noted and are listed below for corrective action:

a. Sta. 10+20, Left Bank (LB), remove stockpile of excavated material from levee crest and sideslope.

b. Sta. 13+00, Left Bank (LB), remove woody vegetation from levee sideslope.

c. Sta. 23+00, LB, remove juvenile tree from the townside sideslope of the levee.

d. Sta. 30+00, LB, restore maintenance access road.

e. Sta. 25+00, Right Bank, (RB), remove woody vegetation from townside sideslope of the levee.

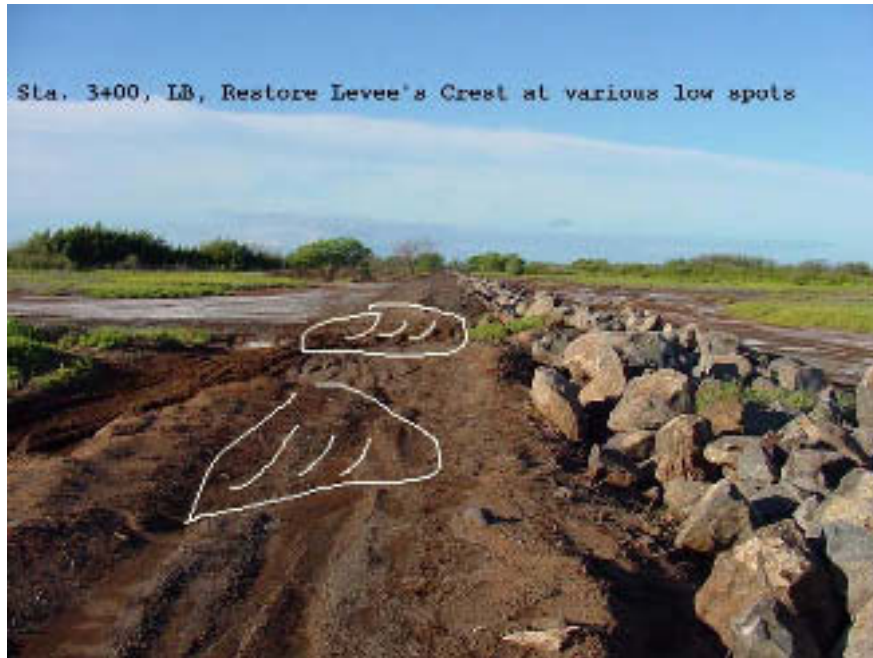

f. Sta. 20+00, RB side, clear culvert opening.

g. Sta. 10+00, RB, remove mangrove trees from toe of levee.

h. Sta. 8+00, LB, remove vegetation from levee.

- i. Sta. 3+00, LB, fill eroded areas restoring levee crest.

5. Findings/Conclusions:

IAW ER 500-1-1, (dtd 30 September 2001), and based on this CEI, the Project Condition Code is ACCEPTABLE and the project is considered ACTIVE in the Rehabilitation and Inspection Program.
